FLANK ATTACK ON DR. COOK

On Collateral Issue, the Mt. McKinley Story

AN AFFIDAVIT BY BARRILL

The Doctor's Only Companion Who Says the Summit Was Not Reached—Reply of the Climber and Discoverer

New York, Oct. 14.—The Globe this afternoon printed a copy of an affidavit made by Edwin N. Barrill, who accompanied Dr. Cook at the time he announced the reaching of the summit of Mount McKinley. The affidavit was made before a notary public in Tacoma, Washington, Oct. 4, and has just been received in New York.

Barrill's affidavit states, in effect, that he was the only person present with Cook on the date when he claims to have reached the summit of Mount McKinley; that he did not in fact, reach the summit, and that the nearest point to the summit reached was at least fourteen miles distant from the summit of the mountain, the elevation at no time exceeding ten thousand feet.

COOK'S REPLY

A Square Denial of the Barrill Affidavit.

Atlantic City, N. J., Oct. 14.—Expressing astonishment at the statement of Edward Barrill, Dr. Cook today maintained that he had ascended the summit of Mount McKinley and said further that if an expedition will follow the route he took it will find the records deposited by him at the summit of the mountain.

Referring to Barrill's sworn statement, Dr. Cook said: "I cannot understand why Barrill should have made such a statement as the newspapers reproduced, if he was acting under normal conditions. I must say it surprises me. We were always on the most friendly terms. Until I know of the conditions under which this alleged affidavit was made, I will make no specific reply. My account of the trip has been published. For the present it is just the statement of one man against the other."

"If an expedition of experienced mountaineers will follow the route that I took and will go to the top of Mount McKinley, they will find there the records which I deposited on attaining the summit of the mountain in the manner described in my book, 'To the Top of the Continent.'"

"It appears to me that there was money behind his statement. He was perhaps annoyed that he had not been paid his wages but that was not my fault, and I remedied the matter as soon as I got back from the pole." Dr. Cook said he would reserve further comment.

"Will you say that the accusations contained in the Barrill affidavit are positively untrue?" was the question put to Dr. Cook by a large body of newspaper men late tonight.

The reply was: "Decidedly yes." (Signed) "F. A. COOK."

Dr. Cook, who had previously declined to commit himself, did not hesitate a moment when the question was placed before him in writing.

"Cook said later: 'I never even knew Barrill kept a diary. I never saw it, consequently I could not have asked him to alter anything whatever. The only thing I ever saw him do was to take sketches. Any statement of his that I suggested the changing of dates and altitudes is a lie.'"

WHY ESKIMOS ARE COMING

Philadelphia, Oct. 14.—Dr. Cook, who passed through this city today for Atlantic City, said to the Associated Press: "There is a mistaken impression among the public that I am bringing the Eskimos to New York to prove that I have been to the pole. The real reason of their coming here is to disprove the story they were made to tell by Peary and his party. Certainly they will assist me by giving evidence that they have been to the pole with me, but I rely on my own data to prove my claim."

EXTRAORDINARY HONOR.

New York, Oct. 14.—An illuminated address conferring upon Dr. Frederick A. Cook the freedom of New York City was signed today by Mayor McGowan and President Patrick McGowan of the board of Aldermen. This honor, which is seldom accorded, will be formally conferred upon the Brooklyn explorer tomorrow at a reception at the city hall.

DEATH OF MAX FROST.

Santa Fe, Cal., Oct. 14.—Col. Max Frost, journalist, author and editor of the Santa Fe New Mexican, died today, aged 57. He was prominent in territorial politics.

THE NICARAGUAN AFFAIR.

Colon, Oct. 14.—The revolution here appears to have been well planned and broke out simultaneously on the Pacific and Atlantic coasts. Corinto, the principal seaport on the Pacific coast in Nicaragua, is in the hands of the revolutionists. Juan Estrada with General Chamorro organized the uprising.

THE PRESIDENT VIEWS THE CANYON'S GRANDEUR

HAS SEEN THREE GREAT WESTERN WONDERS.

Entertainment Last Night at a Banquet by Governor Sloan.

Grand Canyon, Oct. 14.—A picnic luncheon at Grandview, a sunset trip to Hopi Point, and thirty-five miles of stage riding made up President Taft's stay at the Grand Canyon today. The president tonight was the guest of honor of Governor Sloan in a formal dinner at El Tovar hotel and left at 11 p.m. for Albuquerque en route to El Paso, Texas, where on Saturday morning he will meet President Diaz.

This was Mr. Taft's first visit to the Grand Canyon. He declared afterward that he had now seen the three great natural wonders of the west. Yellowstone Park, the Yosemite valley and the Grand Canyon, and he had found them all impressive and beautiful and yet so different that comparison could hardly be made.

The president's first view of the canyon, where he gazed thirteen miles across space to the opposite rim, had the same effect upon him, he said, which it must have upon all who see it, a feeling of awe in the face of the terrific force and the work of the ages in cutting such a rift in the earth.

BATTLE WITH ROBBERS IN A NEVADA MINE

Gang of High-Graders Escape After Wounding an Officer.

Manhattan, Nev., Oct. 14.—A gang of high-graders, which succeeded today in getting away with a haul of rich ore at the Stray Dog mine near here after wounding Deputy Sheriff Martinson, was discovered at 329 feet below the surface by the sheriff's posse. The high-graders passed into the Stray Dog mine through an abandoned shaft. Notified by a watchman who saw the light, the sheriff's force waited at the mouth of the shaft for the members of the gang to come out.

A demand by Deputy Sheriff Martinson for their surrender was answered by a fusillade of shots and the officer fell with a scalp wound. The deputy sheriffs returned fire and the robbers dashed for the nearby timber, dropping one sack of high-grade ore in their flight. Fifty shots were exchanged. It is believed that one robber was hit. Dense darkness prevailed and no description of the number or appearance of the gang was obtained. A posse is making a search for the robbers today.

DEAD BANK ROBBER LOS ANGELES LAWYER

His Identity Fixed by a Vaudeville Actress

Chicago, Oct. 14.—The Chicago police were satisfied that the man who robbed the bank of D. M. Erskine & Co., at Highland Park, on Wednesday and committed suicide when run down by the authorities, was Lamar A. Harris, of Los Angeles, Cal., an attorney.

Later today, May Harrington, a vaudeville actress told the police that she had met Harris in Los Angeles, and that he had looked her up in Chicago a few days ago. She last saw him Friday when she took dinner with him at a local hotel. She said she first met Harris in Los Angeles last August. When he found her he entertained her lavishly and spent money freely. When Miss Harrington saw Harris on Friday, he told her he was going away soon and probably would not see her again.

ALL EUROPE IN PROTEST

General Indignation Aroused By Execution of Ferrera

DENUNCIATION OF SPAIN

Attended By Disorder at Many Points on the Continent—Spanish Government Organ in Defense of the Court Martial

Paris, Oct. 14.—Demonstrations in protest against the execution of Francisco Ferrera were marked throughout France today and from reports received tonight they still continue. The Latin quarter here is seething, but several times during the evening a strong force of police scattered the manifestants.

Serious disturbances occurred at Lyons, where thousands of workmen, socialists and anarchists paraded. They broke the windows of reactionary newspaper offices and fought the police. Several city councils adopted resolutions in protest against the execution.

The Mayor of Cherbourg returned to the Spanish embassy the insignia of the Order of Isabella the Catholic, which was presented to him by King Alfonso.

VIENNA, Oct. 14.—Serious Ferrera demonstrations occurred here last night. There were angry cries against the Spanish king and government. The police were obliged to fire before the masses dispersed. The Spanish embassy is under a strong guard.

BLACK FLAG DEMONSTRATION.

Trieste, Austria, Oct. 14.—Stoppage of work for the afternoon was proclaimed and almost universally carried out. Only one evening paper appeared and nearly all shops, cafes and theaters were closed. Thousands of strikers paraded the streets with black flags shouting: "Death to Alfonso; death to the Pope."

A BOMB AT BARCELONA.

Cerbere, France, Oct. 14.—Another bomb was found in Barcelona this afternoon similar to the first. It was placed in a special steel wagon, where it exploded without doing any harm. The censorship at Barcelona has been doubled. The bodies of Ferrera were buried today in the civil cemetery.

ROMAN UPRISING.

Rome, Oct. 14.—More than three hundred persons who attempted disorders today were arrested. In the provinces serious disorders occurred. In Milan and Florence mobs attempted to erect barricades, which were destroyed by cavalry. Many persons were wounded.

DEFENSE OF THE GOVERNMENT.

Madrid, Oct. 14.—The Epoca, the government organ, today published the following comment on the execution of Ferrera: "A work of justice has been accomplished. Ferrera was given every right in the matter of his defense and the laws of the country were scrupulously observed."

M'CARREN SINKING

Believed the Democratic Leader Will Not Survive Today.

New York, Oct. 15.—It was announced at 2:15 this morning that Senator Patrick McCarren of Brooklyn, operated on Wednesday for appendicitis, is sinking. The surgeons at St. Catherine's hospital fear he will not survive the day.

Although conferences were held yesterday to choose someone to fill the senator's place, no selection was announced.

BY BARE MAJORITY

Heney is Adjudget On Record to Be Democratic Nominee

San Francisco, Oct. 14.—Heney was sustained today as a candidate of the democratic party for district attorney at the coming municipal election, when the recount demanded by Charles Fickert, the republican and union labor nominee for the same office and Heney's only opponent, was completed.

HONORED IN CHIHUAHUA

The Reception of the President of the Mexican Republic.

El Paso, Oct. 14.—No crowned head ever received a more magnificent welcome than that accorded President Diaz at the City of Chihuahua today. His arrival was heralded by the blowing of every whistle and the ringing of every bell in the city and the booming of cannon. He was met at the foot of Avenida Juarez and presented with an immense silver key to the city.

During Diaz' stay in Chihuahua he was presented with two loving cups of solid gold, one by the foreign clubs, composed mostly of Americans, and another by the Casino club, accompanied by a certificate of membership engraved on solid gold.

THE WINNING AMERICAN

The Bostonians Take Series From New York Nationals

New York, Oct. 14.—The Boston Americans wound up the post season series with the New York Nationals this afternoon by winning the fourth straight victory 5 to 4. Only 789 fans witnessed the contest. The score:

Boston R H E
Boston 5 9 1
New York 4 10 2
Batteries—Pape, Wolter, Mathews, Hall and Carrigan; Crandall and Schiel.

PRICE LEVEL RAISED

VOLUME DEMINISHED

The Conditions in Yesterday's Stock Market

New York, Oct. 14.—The upturn in prices of stocks continued today with a diminishing volume of business, but it expanded in the last half hour. A considerable demand arose from an uncovered short interest. Various elections to fill vacancies left by Harriman directed attention to the subject of railroad alliances and pointed to the dissolution of some of the projects attributed to the late financier. Bonds were heavy. Total sales, \$2,652,000. United States bonds unchanged.

GRAIN.

Chicago, Oct. 14.—The principal factor in the upward shoot in wheat was the heavy demand from big millers who were large buyers of December and May, following a strong flour trade in the northwest. Closing prices were firm, not far from the high point. In a minor degree the corn market repeated the performance of wheat in opening weak and gaining strength later. The close was at 1/2¢ higher than yesterday, with December's final figures at 58 1/2¢.

METALS.

New York, Oct. 14.—The market for standard copper on the metal exchange was dull, with spot and October closing at \$12.25@12.50; November, \$12.25@12.50; December, \$12.25@12.70; January, \$12.25@12.80. No sales reported. Local dealers quote lake at \$13.00@13.25; electrolytic at \$12.60@12.85; casting at \$12.50@12.75. Tin was firm and quiet with spot and October at \$30.22 1/2@42.00; November, December and January at \$30.25@30.50. Lead was quiet and unchanged. Spelter closed quiet with spot at \$6.00@6.10 for New York and \$5.85@5.95 for East St. Louis.

PUNISHMENT OF TRAITOR BY FELLOW YEGGMEN

The Solution of San Francisco's Murder Mystery

San Francisco, Oct. 14.—The mystery surrounding the death of a man believed to be John Frederick, of Raton, N. M., was partially cleared up today when E. C. Richards reported to the police that he had witnessed a fight between the dead man and four others on Monday night, which ended in the death of Frederick. When the body was found on Tuesday with the throat cut, the police believed it to be a case of suicide.

After they had heard Richards' story they arrested Harry Boyle and Joseph Lane, two cripples living near the scene of the murder. The police charge that both men were fellow yeggmens with Frederick of a gang of yeggmens and that the dead man had turned traitor to the gang. Frederick's identity was fixed by means of letters and other documents found in his pockets.

NEW TARIFF FOR CLIFTON

Reduction on Both Class And Commodity Rates

EFFECTIVE JANUARY 1, 1910

Railway Commission Secures a Saving of Nearly Thirty Per Cent on Class Rates—Also Announces a Passenger Reduction

Thanks to the energetic work of the Arizona railway commission, the people of Clifton are shortly to secure the benefits of a reduced freight rate from El Paso, and as nearly all the shipments made to Clifton from the east are carried under rates built over El Paso, this adjustment means a reduction in rates from all eastern points on all classes and on nearly all commodities. The railroads affected have agreed that on January 1, 1910, there will become effective new rates amicably arrived at between the railroads and the commission that will result in a reduction of 25% per cent in class rates, besides reductions in most commodity rates.

The Arizona & New Mexico railway has also agreed to reduce its local rates between Lordsburg and Clifton, effective the same date, and has adopted the commission's class graduation table. This rate reduction amounts to 16 1/2% per cent.

A commodity rate of 50 cents per hundred will be published on all machinery and a rate of 25 cents on cement from El Paso to Clifton.

The commission has also been advised by the Southern Pacific of a reduction in passenger rates of one cent per mile on the New Mexico & Arizona railroad, running from Benson to Nogales. The current rate is five cents and it will be reduced to four cents. This rate will become effective as soon as the tariffs can be properly published, which will be some time about the first of December.

This is another concession to the petitions of the commission made some time ago for a general reduction of passenger rates by the railroads of the territory, former announcement having been made of reductions granted by other roads.

In the matter of freight rate reductions from El Paso to Clifton the subject was not broached by a general petition, as in the case of the other rates, where several roads were included, but was taken up through a letter from the commission to the lines interested, on August 12, requesting a downward revision of class rates. Since that date there has been considerable correspondence between the commission and the traffic officials and interviews with A. N. Brown, general freight agent of the El Paso, Southwestern system, and A. T. Thomson of the Arizona & New Mexico railway. M. O. Bicknell, chairman of the railway commission, has given the subject a great deal of personal attention and is much gratified that the concessions have been made. It not only reflects credit on the commission but will be a saving of much money to the residents of eastern Arizona. It has been estimated that on the volume of the traffic from the east to Clifton and vicinity there will be an annual saving of approximately a quarter of a million dollars.

For a better understanding of the measure of reduction, the following comparisons are given, of the current class rates between El Paso and Clifton and the class rates that will go into effect on January 1, 1910.

	1st	2nd	3rd	4th	5th
Current rates, 150	144	140	136	132	128
Rates Jan. 1, 1910	132	117	107	98	81

	A	B	C	D	E
Current rates, 122	100	94	90	86	82
Rates Jan. 1, 1910	82	69	55 1/2	51 1/2	49 1/2

Mr. Bicknell left last night for Los Angeles, where he expects to confer with Santa Fe officials on freights and fares. From there he will go on to San Francisco to be present on October 19th at the hearing of the Phoenix case, or the general rate, concerning which testimony was taken here last March by Special Examiner Lyon for the interstate commerce commission. The briefs have all been filed and now the case is to be argued orally. Mr. Bicknell says he does not expect any new testimony will be introduced and he will be present merely as an interested spectator in order to keep track of the proceedings. The hearing, he thinks, will last about four days, and he expects to be home about the 25th of the month.

JOHNSON-KETCHEL

PLANS OF BATTLE

THE LATTER WILL ACT ON DEFENSIVE.

It is the Purpose of the Former to End It Quickly.

San Francisco, Oct. 14.—Johnson and Ketchel, the principals in Saturday's match for the heavyweight championship, spent a strenuous day in their respective training camps. Neither needed any additional work, but they worked furiously under the command of a moving picture operator, who spent the greater part of the day taking pictures which will be used as an introduction to the real fight pictures.

Ketchel has surprised the pugilistic world by announcing that he will not carry the fight to his opponent, as has been his custom in all of his previous matches. He declares that Johnson, as the champion, must do the leading, and he says he will not tear into the big fellow unless the latter shows unexpected weakness from the start.

On the other hand, Johnson's manager asserts that his man will go after Ketchel from the sound of the gong to score an early knockout. When reminded that the pictures privilege might suffer if an early knockout resulted, Little declared that even the prospect of this would not prevent the champion putting his man down in the first round for the count, if possible.

Betting on the big match showed an increase today, but the odds remain at 10 to 4, with the champion on the long end. Although no change in the odds occurred, it is believed in the pool rooms that the flow of short-end money which has begun will soon cause a shortening price. Considerable money is being wagered at even odds that Ketchel will stay fifteen rounds. Both fighters are palpably nervous on the eve of battle and of the two, Ketchel seems to show the greater strain. Johnson weighed today and tipped the beam at 196 pounds, two pounds lighter than he expects to be when he crawls through the ropes on Saturday. Ketchel remains at his announced weight of 175 pounds. This he declares to be his natural weight and the point at which he feels strongest.

As a result of a disagreement between the principals over the status of the forfeit money, \$10,000, it looked for a time tonight as though the Johnson-Ketchel fight would not take place. Willis Britt, Ketchel's manager, stated later that an agreement had been reached, however, and he declared that the battle would be fought on Saturday according to schedule. There is still a feeling of uncertainty.

DISSENSION AMONG LABORERS

Toledo, Oct. 14.—The Ohio Federation under the ban of the American tested delegates from the organizations under the ban of the American Federation of Labor by a vote of 198 to 158. One hundred delegates, representing fifteen organizations, immediately withdrew in a turmoil and called a rival convention.

THE NEW OWNERS OF "KATY" ROAD

An Extending Empire in the Middle West.

New York, Oct. 14.—Edwin Hawley gave out the following statement regarding the acquisition of the Missouri, Kansas & Texas railroad by him and his associates of the Rock Island and Frisco systems: "A large interest in the Missouri, Kansas & Texas railroad has been purchased by Edwin Hawley and Benjamin F. Youkam, which, in connection with that of Speyer & Co., gives them a predominating strength in the property."

"This adds another important territory friendly to the system which Mr. Hawley, through the purchase of Chesapeake & Alton properties, has created within the last few years and is an important factor in the strengthening of all."

SIXTH GAME EVEN SCORE

In Contest For Baseball Championship

CLOSE EXCITING CONTEST

Clinched By Detroit in the Ninth Inning—The Victory Obtained At a Cost of Injury to Three Players in Closing Moments

Detroit, Mich., Oct. 14.—In a close, exciting game, the issue of which was not decided until the last inning, Detroit defeated Pittsburgh in the sixth game of the post-season series and thus evened the chances for the world's championship. Score:

R. H. E.
Detroit 5 10 1
Pittsburgh 4 9 1

Pittsburgh hit Mullin hard in the first inning and scored three runs. Detroit made one in its half of the first and in the fourth fell upon Willis for two more tying the score. In the fifth inning Detroit scored another run and forced Willis to retire in favor of Camnitz. Again in the sixth Camnitz scored another run and this time it was Camnitz who was forced out of the box.

With the score five to three in the ninth Pittsburgh made a sensational finish, and only superhuman work by Mallin, Schmidt and the Detroit infield saved the day to the American league champions.

A fear inspiring rally in the ninth inning by Pittsburgh was stopped after one run was scored, but three Detroit players were injured in stemming the rush of Pittsburgh runs. Tom Jones, the Detroit first baseman, was the most seriously hurt. His neck and spine were injured in a collision with Wilson at first base and this resulted in Pittsburgh scoring its run of that session.

Charles Schmidt, the catcher, was gashed on the right leg in blocking Abstein off the plate in the final inning. The play that finished the threatening rally of the National league champions resulted in the injury of George Moriarity, when he caught Wilson trying to steal third on Abbatichio's strike out. In the same inning Moriarity's left knee was injured when Wilson slid into the base.
